PwC welcomes 11 new partners in Singapore

For immediate release - Singapore, 3 July 2023: PwC is delighted to [welcome 11 new partners](#) to its partnership in Singapore. Bringing their unique technical and leadership skills as well as in-depth experience to the PwC team, these new partners cover a diverse range of expertise that speak directly to businesses' needs today - from sustainability to digital and risk, to workforce transformation, dealmaking, capital markets, global structuring, and more.

The appointment of these exceptional individuals reflects PwC's commitment

to double down on its efforts to grow its community of multidisciplinary solvers by bringing exceptional talent into senior roles, build teams around them to further expand the firm's capabilities.

Marcus Lam, Executive Chairman, PwC Singapore on the new appointments:

“These newly minted leaders paint a good picture of what our community of solvers looks like. Their appointments will bring fresh perspectives into the leadership of each of our business areas, and further enhance our firm's collective ability to tackle ever-evolving challenges faced by our clients and our communities, and provide sustainable and outcome-driven solutions.

I am confident that their contributions and ability to team for success will play a pivotal role in driving the firm forward, allowing us to deliver even greater value, as well as achieve new heights of success.”

This promotion of this new cohort of partners is also underlined by PwC Singapore's commitment made as part of [The New Equation](#), PwC's global strategy that was revealed in 2021, on admitting ten new partners annually as the firm expands on its capabilities.

Meet the new partners:

[Abhishek Shukla](#) (Mr)

Tax, Transfer Pricing

Specialises in tax and transfer pricing (TP) with a focus on the oil and gas and commodity trading sectors. With nearly two decades of transfer pricing and tax experience under his belt, Abhishek works alongside regional teams of multinational corporations to co-create solutions that are aligned with the accepted TP and tax principles. He is a subject matter expert in core TP documentation and disclosure. He also supports his clients in planning as well as negotiating their TP positions with government authorities, and brings TP dispute and litigation experience to the team.

[Bing Yi Lee](#) (Mr)

Financial Services Assurance, Sustainability and Climate Change

Specialises in sustainability services (particularly in the areas of sustainable finance, strategy, reporting and assurance) as well as financial reporting, audit and advisory for the financial services industry, with a focus on the banking and capital markets sector. Bing Yi has extensive experience working on overseas assignments and cross-border projects, where he collaborates closely with PwC's global community of solvers in areas of audit, sustainability, due diligence, quality reviews and other topics.

About PwC

At PwC, our purpose is to build trust in society and solve important problems - this is at the core of everything we do from the value we provide to our clients and society to the decisions we make as a firm.

Our services started with audit and assurance over a century ago. As times change and the issues faced by businesses and individuals evolved, we have developed specialised capabilities in tax, advisory and consulting to help you address emerging new challenges across focus areas like ESG, sustainability and climate change, digital transformation, cyber security and privacy, data, mergers and acquisitions, and more.

In Singapore, we have more than 3,500 partners and staff to help resolve complex issues and identify opportunities for public, private and government organisations to progress. As part of the PwC network with nearly 328,000 people in 152 countries, we are among the leading professional services networks in the world focusing on helping organisations and individuals create the value they are looking for.
